

Copper Triple Tube Model #7103-2

Filling Instructions:

1. Remove lid.
2. Fill tubes with seed.
3. Twist lid back on and hang.

Assembly Instructions:

1. Screw the squirrel guard down on the seed divider. Be careful not to over tighten, a snug fit is all that is necessary. (Fig 1)
2. Using a hammer, gently tap the perches into the small holes located under the feeding ports.

Pole Mounting Instructions:

1. This feeder may be mounted on a 1 inch diameter pole.
2. To mount, slide feeder down pole until the top of the pole is inside the opening
