PRODUCT CODE: T91212

FEATUES & BENEFITS:

- **High fat and highly digestible fiber** for calmer performances without loss of energy or condition.
- **Optimal balance of essential amino acids** for muscle maintenance and recovery.
- **Organic minerals** replenish body tissue stores depleted during daily activities and exercise.
- **Essential fatty acids, Omega 3 and 6**, for healthy skin and hair coat and support of normal tissue function.
- **Optimum levels of antioxidants** Vitamin E, Vitamin C and Selenium may help in reducing damage from aging and exercise. Also supports immune health.
- **Excellent for hard-keepers** and horses requiring less NSC in their diets, like those who have conditions such as ulcers or tying-up.
- **Direct-Fed Microbiotics** support normal gut function during times of stress.
- **With** microencapsulated active dry yeast; acts as both a pre-and probiotic to increase total diet digestibility and improve overall gut health.

FEEDING DIRECTIONS:

GUARANTEED ANALYSIS:

- **Crude Protein (Min.)** ................................................................. 12.00%
- **Lysine (Min.)** ............................................................................. 0.90%
- **Methionine (Min.)** ................................................................. 0.30%
- **Methionine & Cystine (Min.)** .................................................. 0.50%
- **Threonine (Min.)** ........................................................................ 0.60%
- **Crude Fat (Min.)** ........................................................................ 12.00%
- **Crude Fiber (Max.)** .................................................................... 12.00%
- **Calcium (Ca) (Min.)** .................................................................. 0.80%
- **Calcium (Ca) (Max.)** .................................................................. 1.50%
- **Phosphorus (P) (Min.)** ................................................................ 0.60%
- **Salt (NaCl) (Min.)** ...................................................................... 1.00%
- **Salt (NaCl) (Max.)** ...................................................................... 1.50%
- **Potassium (K) (Min.)** .................................................................. 1.00%
- **Magnesium (Mg) (Min.)** .............................................................. 0.30%
- **Iron (Fe) (Min.)** .......................................................................... 0.300 ppm
- **Iodine (I) (Min.)** ......................................................................... 1.44 ppm
- **Selenium (Se) (Min.)** ................................................................. 0.6 ppm
- **Vitamin A (Min.)** ........................................................................ 7,000 IU/lb
- **Vitamin D (Min.)** ........................................................................ 1,000 IU/lb
- **Vitamin E (Min.)** ........................................................................ 160 IU/lb
- **Vitamin C (Min.)** ........................................................................ 25 mg/lb
- **Biotin (Min.)** ................................................................................ 0.00 mg/lb
- **Riboflavin (Min.)** ......................................................................... 2 mg/lb
- **Omega 6 fatty acids (Min.)** .......................................................... 3.85%
- **Omega 3 fatty acids (Min.)** .......................................................... 1.00%
- **Sarcoscyrenes cerevisiae (Min.)** ................................................... 4.15 million CFU/lb
- **Direct-Fed Microorganisms (Min.)** ................................................. 10 million CFU/lb
- **Enterococcus faecium, Bifidobacterium thermophilum, and Bifidobacterium Longum**
- **Cellulase (Aspergillus Oryzae) (Min.)** ............................................ 9.6 Enzyme Units
- **Protease (Aspergillus Oryzae) (Min.)** .............................................. 12 Enzyme Units
- **Lipase (Aspergillus Oryzae) (Min.)** ................................................ 3.6 Enzyme Units
- **Hemicellulase (Aspergillus Niger) (Min.)** ...................................... 10.8 Enzyme Units
- **Phytase (Trichoderma reesei) (Min.)** ............................................. 55 FTU/lb
- **NSC (Max.)** .................................................................................. 23.50%

*An Enzyme Unit is defined as milligrams of substrate liberated/minute/lb. of feed.

*A Phytase Unit (FTU) is defined as the quantity of enzyme which liberates one microgram of inorganic phosphate per minute from sodium phytate at 37°C, 5.5 pH.

This feed contains a dry source of cellulase that breaks down cellulose, a dry source of protease that hydrolyzes proteins and increases the digestibility of protein in soybean meal based diets, a dry source of lipase that hydrolyzes triglycerides, a dry source of hemicellulase that breaks down hemicellulose, and a dry source of phytase which hydrolyzes phytate and increases the digestibility of phytin-bound phosphorus.

INGREDIENTS:

Ground Beet Pulp, Wheat Middlings, Ground Extruded Whole Soybeans, Soybean Oil, Cane Molasses, Oat Meal, Flaked Meal, Rice Bran, Drieddistilled Soybean Meal, Soybean Hulls, Calcium Carbonate, Monocalcium Phosphate, Dicalcium Phosphate, Magnesium Oxide, L-Lysine HCl, Methionine, L-Threonine, Salt, Active Dry Yeast, Yeast Culture, Brewers Dry Yeast, Lignin Sulfonate, Calcium Sulfate, Potassium Chloride, Potassium Sulfate, Magnesium Sulfate, Vitamin A Supplement, Choline Chloride, Vitamin D Supplement, Vitamin E Supplement, Niacin, Vitamin B-12 Supplement, Riboflavin, d-Calcium Pantothenate, Folic Acid, Pyridoxine Hydrochloride, Menadione Sodium Bisulfite Complex (Source of Vitamin K), Thiamine Mononitrate, Biotin, Beta-Carotene, Hydrated Calcium Sodium Aluminosilicate, Calcium Citrate, Calcium Propionate (as preservative), Copper Sulfate, Zinc Sulfate, Manganese Sulfate, Cobalt Sulfate, Ethylenediamine Dihydroiodide, Ethers of L-Ascorbylic Acid, Propionic Acid (as preservative), Sodium Selenite, Dried Lactobacillus casei fermentation product, Dried Lactobacillus acidophilus acidophilus Fermentation Product, Dried Aspergillus Oryzae Yeast Extract, Yucca Schidigera Extract, Dried Aspergillus Niger Fermentation Extract, Kelp Meal, Dried Bifidobacterium longum Fermentation Product, Dried Lactobacillus casei Fermentation Product, Dried Lactobacillus casei Fermentation Product, Dried Enterococcus faecium Fermentation Product, Dried Bifidobacterium thermophilum Fermentation Product, Dried Bifidobacterium longum Fermentation Product, Dried Trichoderma reesei Extract, Zinc Amino Acid Complex, Copper Amino Acid Complex, Manganese Amino Acid Complex, Iron Amino Acid Complex, Cobalt Glucoheptonate, Natural and Artificial Flavors, and Selenium Yeast.
