

# Furosemide Syrup 1%

## (10 mg/mL)

A diuretic liquid for use in dogs. Active in the proximal and distal tubules and also the ascending limb of the loop of Henle.

- FDA approved, ANADA 200-373
- Furosemide Syrup 1% is approved by the FDA as equivalent to the pioneer product Lasix® Syrup 1%.
- Furosemide Syrup 1% is supplied in 60 mL (2 fl oz) amber glass bottles with a calibrated safety dropper included.
- 10 mg/mL: 1 to 2 mL (10-20 mg) for each 10lb body weight.

See product insert for full prescribing information. ADA 200-373

ITEM#	DESCRIPTION	SIZE
510020	Furosemide Syrup 1%	10 mg/mL

### INDICATIONS:

A diuretic-saluretic for oral use alone or in combination with furosemide injection in the treatment of edema (pulmonary congestion, ascites) associated with cardiac insufficiency and acute noninflammatory tissue edema.

### DIRECTIONS:

DOG: 1 to 2 mL (10-20 mg) Furosemide Syrup 1% for each 10 lb body weight. Administer once or twice daily at 6- to 8-hour intervals. Dispense in this container with calibrated safety dropper. Use dropper to measure and administer Furosemide Syrup 1%.

### INGREDIENTS:

Alcohol 11.5% USP as a preservative, and FD&C Yellow #6 and D&C Yellow #10 as color additives.

### CAUTIONS:

Keep container tightly closed. Discard opened bottle after 60 days. Protect from light.

### STORAGE:

Store at controlled room temperature (59°-86°F).
