Thank you for choosing Tiger Tough™ for your pet! Our products are manufactured of high quality materials and feature natural sisal fibers. Sisal textiles are durable, economical and biodegradable. They are also an excellent surface for scratching! The Tiger Tough™ Cat Scratcher Playground with Cat-IQ™ Busy Box features:

- Cat-IQ™ Busy Box with 2 play balls
- Sisal cat scratcher post
- Soft carpet-covered platform stands
- Batting play ball on a string

### Assembly Instructions

1. Product must be assembled **vertically beginning with the base and building up**. Do not assemble lying down as damage may occur to unit when righting and hardware may not be secure for use.
2. Assemble product on a flat, stable surface.

### Care Instructions

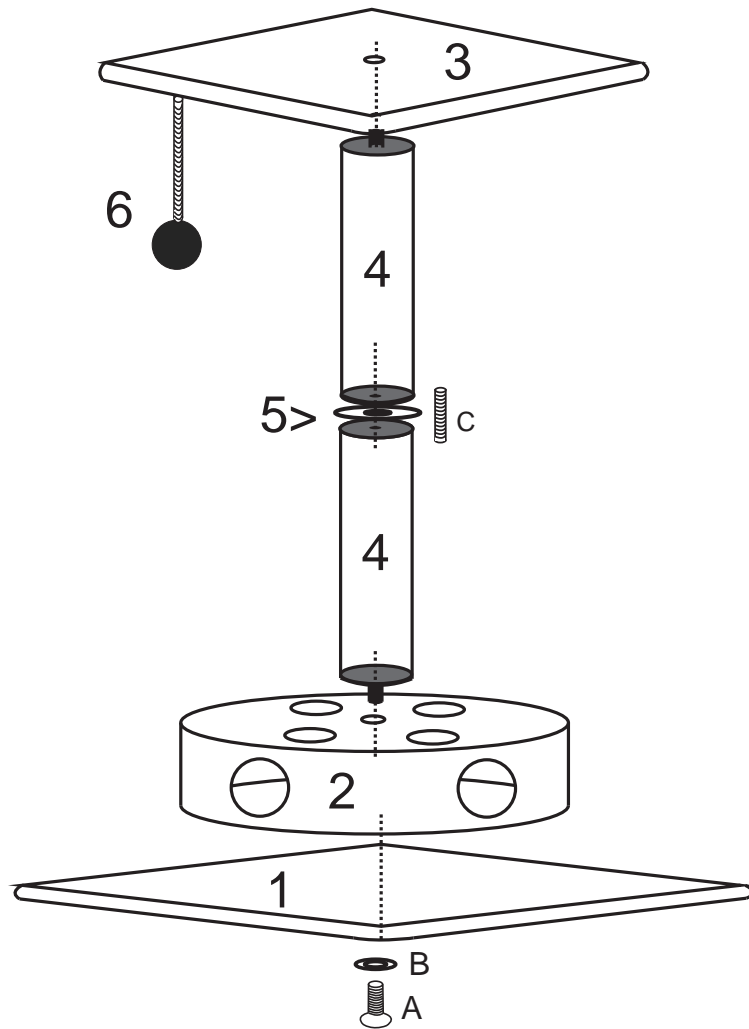

- Periodically inspect unit and tighten screws as needed.
- Wipe down wood surfaces with damp, clean cloth as needed.
- Spot clean fibers only with gentle detergent diluted with water.

### Hints & Tips

- Because it is a natural fiber, it is normal for sisal to discolor over time.
- Exposure to direct sunlight or moist conditions may damage the unit.
- For greater stability, place the playground unit near a wall.
- Never let children or larger animals play on or climb the playground unit. This is extremely unsafe and may lead to damage or harm.
- Not recommended for outdoor use.
- Keep instructions for future use and reference.
