

T8 Keto[®] FLUSH

A Topical Formulation with Tris-EDTA for Dogs, Cats & Horses

KEY INGREDIENTS: Contains Tris-EDTA and ketoconazole in a proprietary water-based formulation.

PRODUCT DESCRIPTION: T8 Keto[®] Flush is a patented, alkaline (pH 8.5), water-based formulation with mild surfactants for gentle cleansing and flushing. It contains ketoconazole, buffered chelating agents, and a preservative.

INDICATIONS: For gentle flushing and cleansing of skin and ears in such conditions as recommended by your veterinarian.

DIRECTIONS: **Shake well before use.** Apply T8 Keto[®] Flush liberally to affected area(s). Use cotton or absorbent material to clean excess solution and debris. Apply twice daily or as directed by your veterinarian.

CAUTIONS: For topical use on dogs, cats and horses. Avoid contact with eyes. If eye contact occurs or skin irritation develops, rinse thoroughly with water, discontinue use and consult your veterinarian. Available through licensed veterinarians.

STORAGE: Store at room temperature. Protect from freezing.

CAUTION: Federal law restricts this drug to use by or on the order of a licensed veterinarian.

WARNING: Keep out of reach of children. Not for human use.

HOW SUPPLIED: 4 fl oz, 12 fl oz
