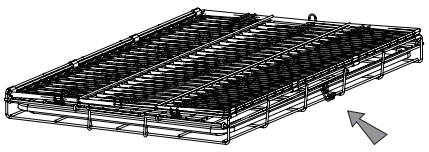
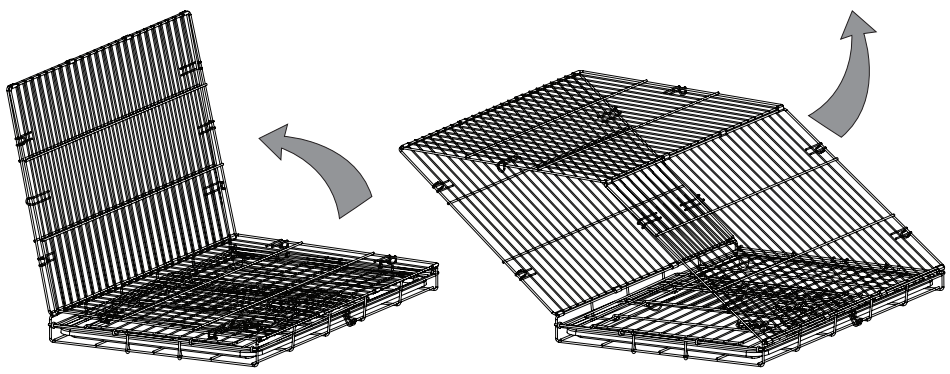
# Assembly and Installation Instructions

Please read these instructions carefully before installing your crate.
NOTE: DO NOT USE THIS CRATE FOR CHILDREN.

**Step 1.**
Begin by setting the crate on the ground with the tray on the bottom. Unhook the latche from the side of the crate.

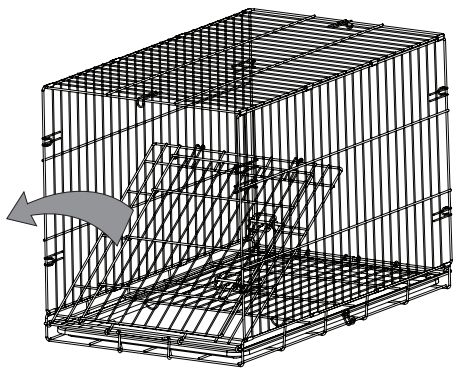


**Step 2.**
Unfold the panels, like turning the page of a book. Then pull upwards from the middle of the gate panles.



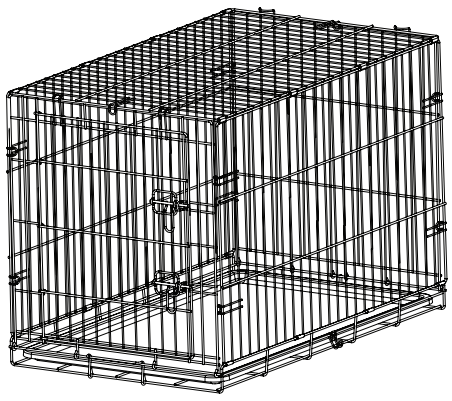
**Step 3.**
Using one hand to hold the top panel up, reach inside the crate and pull the door panel forward until it snaps into the 7 hooks located around the edges of the crate.

**NOTE:** A forceful pull will allow the hooks to snap into place.



**⚠WARNING:**
To prevent serious injury or death, ensure that the crate is securely installed according to manufacturer's instructions before use. Once it is secure it is ready for use.

**Step 4.**
Repeat Step 3 on the other side of the crate.
NOTE: For cleaning purposes, the bottom tray is removable.



Contact Carlson for questions and replacement parts.
If in doubt about use of your crate, call our customer care line at 952-435-1084.
