

CALM MOUSSE

Soothing leave-on mousse with Phytosphingosine, Avenanthramides and Pseudofilaggrine

TECHNICAL SPECIFICATIONS:

Gentle mousse containing Phytosphingosine – HCL – Avenanthramides – Stimu-tex – Skin Complex - Pseudofilaggrine.

INGREDIENTS:

Aqua, Capryl/capramidopropyl Betaine, Diethylhexyl Carbonate, Polyglyceryl-4 Laurate, Phenoxyethanol, Dilauryl Citrate, Glycerin, Glycerol, Oat Extract (Avena Sativa), Spent Grains Wax, Butyrospermium Parkii Extract, Argania Spinosa Kernel Oil, Saccharomyces Cerevisiae Extract, Ceteareth 20, Phytosphingosine Chlorhydrate, Polyquaternium-51, Cholesterol, Sodium Lauroyl Lactylate, Carbomer, Xanthane Gum, Polyisobutene Hydrogene, Ceramide 3, Ceramide 6-II, Ceramide 1, Ethylhexylglycerin, Potassium Sorbate, Fragrance.

PROPERTIES:

DOUXO® Calm Mousse has been developed to help relieve atopic skins thanks to the association of unique innovative ingredients. Phytosphingosine is a pro-ceramide that helps restore the skin barrier and also has antibacterial and antifungal properties.

Avenanthramides are the most active portion of colloidal oatmeal extract; they help relieve irritated skin quickly and efficiently.

SK-Influx V® is a combination of components that are critical for the synthesis of the stratum corneum lipids: ceramides complex, semi-synthetic cholesterol, free fatty acids, and phytosphingosine. SK-Influx V is characterized by a multi-lamellar structure similar to the one contained in the stratum corneum.

Stimu-text® is a patented plant-based complex of spent grain wax, shea extract and argan oil, that complement the anti-inflammatory effect of the avenanthramides and has anti-histaminic properties as well. This complex is also rich in essential fatty acids.

Pseudofilaggrine is a peptide that helps produce the Natural Moisturizing Factor, a critical element in maintaining skin hydration.

The association of these ingredients in DOUXO® Calm Mousse helps manage irritations, restore the skin barrier function and control the local flora.

DIRECTIONS FOR USE:

External use only.

Localized Use:

Brush the hair, apply on dry coat. Dispense 1 or 2 pumps in the hand and then apply on the animal. Do not rinse. Let air dry. Apply as often as necessary.

Generalized Use:

Brush the coat thoroughly. Apply on dry coat. Dispense one or two pumps in the hand and then apply the foam on the animal. Massage into the hair coat in order for the product to reach the skin. Repeat as many times as necessary to cover the whole body, avoiding areas around the eyes and mouth. Do not rinse. Let air dry. Once dry, the animal may be brushed again to bring luster.

Dosage:

Under 11 lbs: 1 pump per 2 lbs

12- 88 lbs: 1 pump per 4 lbs

Over 89 lbs: 1 pump per 6 lbs

Dosage can be doubled for long-haired dogs.

Apply as often as necessary. It is usually recommended to use in combination with DOUXO® Calm Shampoo, bathing on day 1 and applying the mousse on day 3 and day 6. Repeat for 2 to 3 weeks.

SPECIES:

Dogs and cats: Topical and adjuvant management of pruritus and skin irritations.

PRECAUTIONS:

Do not swallow. Avoid contact with the eyes. If contact with the eyes occurs, rinse thoroughly with water and consult a veterinarian. Keep out of reach of children. If irritations occur or increase, discontinue use and consult a veterinarian.

STORAGE:

Store at controlled room temperature.

PRESENTATION:

Bottles of 200 ml (6.8 fl. oz.)
