

PURALUBE®

VET OPHTHALMIC OINTMENT

PETROLATUM OPHTHALMIC OINTMENT
STERILE OCULAR LUBRICANT

CONTAINS: White petrolatum and light mineral oil.

INDICATIONS FOR USE: For the use as a lubricant to prevent further irritation, or to relieve dryness of the eye.

In addition to the indications above PURALUBE® Vet Ophthalmic Ointment is excellent as a protectant during bathing or grooming and as a lubricant for procedures which require an anesthetic to be used.

CAUTION: If condition persists or increases discontinue use and consult veterinarian. Keep container tightly closed. To avoid contamination do not touch tip of container to any surface. Replace cap after using. Please note cap/closure has tamper indicative feature. Do not use if previously opened.

DIRECTIONS: Pull down the lower lid of the affected eye and apply a small amount (one fourth inch) of ointment to the inside of the eyelid.

Keep tightly closed. Store at room temperature.
Keep out of reach of children.

HOW SUPPLIED: 3.5 g (1/8 Oz) sterile tamper proof tubes.

DVP NDC: 17033-211-38.
